

What our customers say:

We can't thank you enough for what you did for us. Without you we wouldn't have known where to turn to - you made life easy.

Your knowledge, competence and attention to detail is partnered with a deeply caring attitude and friendliness.

I would recommend your service very highly. Most importantly my relative is happy and content in her new home.

Michelle... lifted a very heavy burden of packing up and down sizing our family home of 36 years, and we heartily recommend her to anyone in the same position.

I could not have managed the move without your help. Your service is invaluable to older people – it takes the strain!

The specialists in helping older people to move home

Thinking about moving home?

We specialise in supporting older people to move home. Let us take the hard work and worry away.

Based in Yorkshire, we provide support for clients throughout England and Wales.

Our aim is to give older people (and their families) the specialist advice, care and practical 'hands on' help they need when moving home in later life.

Wherever you are moving to and from - we can help. We have supported clients relocating long distances to be near family, moving from independent living to care homes and downsizing from large family homes to retirement villages.

Moving home in later life is more than packing boxes. As professional Senior Move Managers we are experienced and trained in working with clients to address their specific needs and worries.

We smooth the way during one of life's most stressful events - providing encouragement, emotional support, practical help and expert move management.

We work with the over 55's to ensure they move into their new home, ready to enjoy the next chapter of their lives.

“ I often work with my clients over a number of months, developing a close relationship as we work together to make their move happen... I especially love moving in day, seeing a client happy in their new surroundings and ready to start their new life... it is the greatest feeling.

Michelle, Yorkshire Move Manager

“ Listening to a client's memories and sharing their stories as we get ready to move is a real privilege. It's a pleasure to help make a difference to them and their families.

Andrew, Yorkshire Move Manager

Worried about moving home?

Don't worry...

trusted help is available to make your move easy

Help is at hand. We can manage the whole move or just certain tasks - the choice is yours.

We work with older people to:

- Find a new home - providing specialist guidance on housing options, finding the right home and taking clients to view. If relocating from a distance away we can view properties on our client's behalf
- Prepare the new home. We offer floor planning, we can arrange and manage alterations and decorations. We can also accompany our clients when shopping for their new home
- Arrange the marketing, letting or sale of their current home. We make sure the home is shown at its best by decluttering, arranging repairs and staging
- Make a stress free move. We can professionally pack, and engage and manage a removal contractor. We can also take the strain of all the utility and change of address tasks
- Sort through and downsize their belongings and furniture - we can help with the whole house, garage, attics and gardens
- Ensure a smooth moving in day. We are on hand during the day, we unpack and help ease the transition into the new home (we put the kettle on and make the beds!)
- Deal sensitively with the sale, disposal or donation of items no longer required
- Make sure all the loose ends are tied up - allowing our clients to settle quickly into their new home
- Engage a solicitor, independent financial advisor/other specialists

Not moving home?

We can help you...

Downsize.

Simplify.

Stay at Home.

Moving home may not be the right decision for you just now. We can help make your current home work better for you.

Over time your home may have become cluttered or your ability to manage and use your home may have changed.

We are experienced in providing compassionate and specialist support to work through and downsize possessions and arrange adaptations - helping clients to make the most of their space and help them live in their current home for longer.
